20th September, 2017.

Dear

Dr. Sultan Singh ji

Government of India has launched National Water Mission (NWM) under National Action Plan for Climate Change guided by Prime Minister's Council. The main objective of NWM is "conservation of water, minimizing wastage and ensuring its more equitable distribution both across and within States through integrated water resources development and management". Under the mission every State and Union Territory is being supported to formulate a **State Specific Action Plan (SSAP) for Water** for sustainable development and management of their water resources by linking with the respective State Action Plan for Climate Change and other sectoral plans. The SSAP includes preparation of State Water Budget.

2. Based on the National Workshop (dated 5th June, 2017) inputs NWM has taken up SSAP template development involving all stakeholders of water. In this regard, your team of ICAR has provided valuable input on Animal Husbandry chapter and extended cooperation in harmonizing with the chapters 9 and 10.
3. A good number of Ministries/Departments/organizations have submitted their respective chapter templates and are to be finalized by harmonizing all these chapters based on the to be approved Chapters 9 and 10.
4. Towards finalization of Chapters 9 and 10 and to undertake the harmonization of all the other chapters, a meeting has been called on 26th September, 2017 at 10.00 a.m. at NWM, New Delhi. For the purpose, I earnestly request you to attend the said meeting.

Earnestly seeking your kind cooperation and help.

Yours truly,

(Dr. Mahammed Ariz Ahammed)
