5th September, 2017.

Dear Sir,

Government of India has launched National Water Mission (NWM) under National Action Plan for Climate Change guided by Prime Minister's Council. The main objective of NWM is "conservation of water, minimizing wastage and ensuring its more equitable distribution both across and within States through integrated water resources development and management". Under the mission every State and Union Territory is being supported to formulate a **State Specific Action Plan (SSAP) for Water** for sustainable development and management of their water resources by linking with the respective State Action Plan for Climate Change and other sectoral plans. The SSAP includes preparation of State Water Budget.

National Water Mission is organizing a meeting with officials of DG, Forest and Wild Life Institute of India on developing a template for Forestry and Wildlife on 11th September, 2017 at 11 AM at NWM.

Given the expertise of Prof. Madhu Verma IIFM on water, may I earnestly request you to kindly depute her to join the meeting to enrich the discussion, on the said date.

Earnestly seeking your kind cooperation and help.

With warm regards

Yours truly,

(Dr. Mahammed Ariz Ahammed)
